#### ASSIGNMENT OF PATENT

Bioscience Technologies (Cayman) Limited ("Assignor") is owner of United States Patent Number: 8,628,833 issued January 8, 2015 and entitled "Oligonucleotide Sequences with Enhanced Stability and Composable Materials Formed Therefrom" (the "Patent"). And whereas BAOFENG MODERN INTERNATIONAL HOLDINGS COMPANY LIMITED ("Assignee") having a registered office address of: Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands desires to acquire ALL rights, title and interest in and to the U.S. Patent including all rights to pursue damages, injunctive relief and other remedies for past, current and future infringement of the Patent.

Therefore, for valuable consideration, the receipt of which is acknowledged, Assignor assigns to Assignee 100% of Assignor's right, title and interest in the invention and Patent to Assignee for the entire term of the Patent and any renewals or extensions and for the entire term of any patents, renewals or extensions that may issue from divisional applications, continuations in whole or part or substitute applications filed claiming the benefit of the Patent. The right, title and interest conveyed in this Assignment is to be held and enjoyed by Assignee and Assignor's successors as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

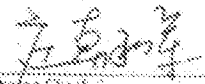

Assignor further agrees to: (a) reasonably cooperate with Assignee in the prosecution of the Patent rights and any prosecution of any divisional applications, continuations, extensions, etc; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully and reasonably may request to obtain or maintain the Patent and any and all applications.

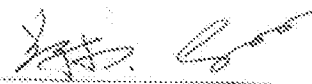

Assignor represents and warrants that Patent is valid, and in full force and effect. The invention and the Patent covering the invention for which the Patent application was filed and issued are the sole property of the Assignor and no lien, mortgage, license, security interest, outstanding fee or tax, legal judgments or other encumbrances against the invention and/or the Patent exists. Further, Assignor represents and warrants that Assignor has not received any communications or letters from any third party indicating that such third party believes or alleges that the invention and/or Patent rights of the Assignor infringe or conflict with their patent rights. Finally, Assignor represents and warrants that Assignor has all requisite corporate power and authority to execute, deliver and perform this Assignment.
